Summary: OC X Sans OC runs away from home to get away from abusive home. She ends up falling into the mountain and ending up in the Underground. She comes across monsters and two skeletons especially one which she fancies.

1. Chapter 1

I can't take this life anymoreâ€|all the abuse and constant criticism. I want it all to endâ€| I gather a couple of things and set out at night. Not knowing where I'll go. I walk to the mountain. Listening to music so I can drown out all sound. I track up the mountain, looking around. Just getting away from that horrible place brought me to ease. At this point I don't even care where I end upâ€|

_As I keep climbing the mountain, I feel a chill, it's getting a little cold and it doesn't help when I'm wearing a skirt with fishnets. Wind blowing, making my hair hit my face, I get frustrated trying to move my hair and I trip over something. I then realize I tripped over a vine and I'm falling inside the mountain. Too shocked with fear I blackout. _

I awake, feeling my heart pound, breathing hard and feeling afraid. I check to see if I had broken anything- moving my fingers, arms, legs and feet. So far so good but it was unusually soft. Whatever broke my fall I'm lucky and thankful. I get up and collect myself and I look down. I'm in a bed of large golden flowers. Odd...These broke my fall? I walk off of them and they pop back up without any signs of damage to their petals. I'm struck in awe by this. I had no idea such flowers exist.

I turn and I look around I see a corridor. I walk toward it going through a door. I'm in an open area I see a little patch of grass and coming from it is a large, lone golden flower. I ignore it as I try to walk past it and then I noticed something. The flower perked up. I turn to look and it had a face, smiling cutely at me. It introduces

itself in a giddy voice. "Howdy I'm Flowey the Flower!" I look at it in shock, wondering if I hit my head hard. _Really? A talking flower?_ I look at this Flowey as I raised an eyebrow and I could only answer with one word. "Hi..." Flowey looking at me weirdly then says "You must be new here! You should know how this place works."

Suddenly I feel warmth coming from my chest and out comes a bright red heart. _What the Hellâ€¦?_ _I'm in awe looking at this. Flowey seeing my reaction perks up. "That's your soul. You can make it stronger by gaining LV or LOVE if you prefer, however you need EXP to raise it." This is like a damn video game. LOVE? EXP? Where in the heck am I? I _have _to be dreaming. Looking at my soul I notice I can move it quite easily. Just like moving my finger or wiggling my toe. Amused, Flowey looks on. Then summon these pellets. Something seems off to meâ€¦|

As these pellets come up he says, "These friendliness pellets help you gain EXP quick catch them!" Not thinking at all I get close to one and it hits me. I feel a sharp and burning pain. I fall to my knees holding on to my chest, breathing heavily. This flower is literally trying to hurt me I should've known. This has to be a nightmare, I need to wake up! Flowey's face turns twisted and demonic cackling darkly. "***YOU IDIOT! DID YOU REALLY THINK I WAS GOING TO HELP YOU? IN THIS WORLDâ€¦|IT'S KILL OR BE KILLED!***" Flowey summons more pellets that surround me then starts to laugh and I can't escape, ***"DIE!"***

Is this a nightmare? Is this reality? It hurtsâ€¦|It hurts so much. I brace myself for the final blow until. Flowey had been attacked by a ball of fire. I hear the evil little flower yelp and then escape into the ground. Still on the ground, I hear a woman's voice. "Oh my child I'm sor you had to deal with that cruel creature!" I look up and I see a humanoid like goat. However, her eyes seem so gentle and kind but show a bit of sadness. I'm in so much pain still, my vision is blurringâ€¦|I blackout.

My eyes open, vision clearing. I'm in a little room, on a child's bed. The room looks as if it hasn't been touched, only tidied up. I get up and check my body for wounds. There's nothing, no marks, no redness, no blood, not even a bruise. I look down at my hands, then I manage to take out my soul, gazing at it. A beautiful warm glow shaded in red. I never knew this is what a soul would look like. I put the soul back inside then I look to the floor, I see a pie. I get out of the bed and examine the food, it smells quite amazing, and I catch a scent of cinnamon and something else and can't figure out what it is. I take the fork and cut a piece and eat it. It was very well balanced between flavors. I start to taste the cinnamon and thenâ€¦|butterscotch?

After tasting this pie, I eat it slowly, savoring the flavors. While eating, I feel tears fall down my cheeks. I haven't had something this good in a long time. I can tell the amount of love and care that has been put into making this pie. I start crying softly to myself. This woman was most likely here and I didn't want her to hear me cry. A few minutes have gone by and I stopped crying. I look up to the ceiling and wonder what can I do or rather what will I do? This is a whole new world.

I decide to leave the room and explore, but obviously I take my plate

with me. I see stairs and it seems as if they go somewhere. This piques my curiosity but I try to keep it in the back of my head. I wander more 'til I reach a little living room I see her. Sitting on a big comfortable chair wearing glasses while reading a book. It doesn't take long for her to notice me standing there. She gives me a warm smile. _I don't know how to react to this._ She puts her book down and approaches me.

The female tells me not to be afraid and she introduces herself. Her name is Toriel. It seems she is mother to these ruins. She then learns my name. "Rinâ€¦" She pauses, then smiles. "Such a beautiful name!" She sees the empty plate in my hands and she smiles while taking the plate. "I'll clean this, you can go wash yourself, and I'll clean your clothes for you." She says. Then Toriel takes me to the restroom and gives me a towel and spare clothing.

I undress and take a hot shower. While thinking for a bit I wonder what it'll be like to stay here in this underground. Here with Toriel, I shouldn't get my hopes up however. After I finish washing up I wrap the towel around my body and look into the mirror, just staring at my reflection. Silver hair that falls almost to my shoulders; a shaggy mess basically, golden yellow eyes, pale skin, rosy cheeks, cute little nose, small red lips with a lip ring on the right side. Looking at the tattoos on my body. Lotus on my left arm, and bat wings on my back. Seeing my scars from self-harm upon my upper arms near my shoulders and my wrists. I run my fingers over the scars thinking back to when it happened. Always did it out of depression, I would space out and take it out on myself. The abuse from my parents was much too unbearable. Degrading me, striking me, belittling meâ€¦Commenting on my features either calling me a demon or monster based on my features especially my eyes.

Upon being abused at home I was treated just as terrible at other places in public such as school. Guys using me and toying with my feelings only to leave me broken in the end. Some would try to have their way with me and proceed with sexual intent. I never let it happen and then I would be called the worst names ever. Teachers would never do anything because they simply didn't care. Being called a freak all the time simply for being me and the way I look. I rarely spoke to anyone. I hated them, all of them; including my parentsâ€¦they just hated me so much I don't understand why. I would always harm myself because of all this, never feeling like I'll ever amount to anything, always feeling ugly no matter what, feeling like I don't belong.

I take my eyes off the mirror and get dressed in striped pajamas which bore the colors of green and yellow, something I like. As long as my scars are covered, Toriel won't ask about 'em. Too many painful memories I don't want to think about. I go back to the living room and interact with Toriel for a while listening to her reading a book about snails and telling me how she wanted to be a school teacher. She was very adorable and kind. It made me feel odd when she was being kind to me, I've never had someone treat me like this before. Hours later Toriel then asks if I would like to stay with her and that's how I ended up staying with her for a while.

Days on end Toriel and I would read together, bake pies together and take walks in the ruins. It was quite nice. Monsters would approach me from time to time curious as to what I am. Sometimes Toriel would scare them off if they would try to attack. She told me by simply

talking to them, they would be on their way. She showed me all of the puzzles in the ruins and had me solve some for myself. Upon solving a puzzle I see a ghost pretending to sleep. I interact with the ghost and gave him a warm smile. I even laughed at his dapper hat joke. He called himself Napstablook. A sweet yet shy ghost after interacting he simply disappeared. I wonder if I'll ever see him again.

A couple of weeks go by and I get more and more curious about what's downstairs. After being in the ruins for a while it started to feel smaller and smaller. I wanted to explore more. I don't hate being here but being in such a small place for a long time really gets to you. I got to the living room where I find Toriel on her chair reading. She sees me and smiles "Hello, my child, is there something you need?" I feel terrible for this, my stomach twisting in knots. I pop the question to her on how to exit the ruins. She got quiet then got up and said "I have to do something, stay put." Curiosity got the best of me so I grabbed my stuff and followed because I had a weird feeling about something.

As I follow her she's down the stairs. "Don't follow me, go back upstairs." Toriel sounded serious. However, I'm not going to and I continue to follow as she quickens her pace. Again she tells me to go to my room. "Why?" I asked. "I'm going to destroy the ruins, that way no one will leave." _What? Is she crazy? _"What do you mean? You can't keep me trapped in here." I shot back sternly. She answers back "You fool if you go out there, theyâ€|**ASGORE** will kill you." I heard her voice crack a little as she said this. Has she lost someone? I keep following her. "You want to leave so badly?" she asks. I stay quiet, watching her. "Then prove yourself." She states. Feeling determined, I accept.

She attacks with her fire magic, thinking fast I move out of the way but I don't run. I try talking but she ignores it. One of her fireballs manage to graze my right cheek. It burned so bad, but I held back my scream. "Fight or run!" Toriel shouted! The she started to miss on purpose and I stayed firmly in place. Toriel eyes seemed so sad and she tried to convince me to stay but I just stayed there quietly. "Pathetic is it not? I cannot even save a single childâ€|" She said sadly. She gave up, asked me not to come back and hugged me. I hugged her tightly. I say softly to her, "Thank you for being the mother I never had." I tear came down from her eye and she left. I had tears coming down my eyes then I wiped them away as I went through the door. A familiar darkness filled the room and I see that damn flower again.

He smiles smugly at me and comments how I spared Toriel then says "What will you do when someone actually tries to kill you?" I stay quiet. "You'll die and die and die and die again until you kill from frustration!" Flowey then laughs maniacally and disappears. I collect my thoughts and shrug it off. God I hate that flower, creepy little shit. I keep walking and I see two huge doors. I take a deep breath, open the doors and leave the ruins.

2. Chapter 2

As I go through the doors there's snow as far as the eye can see. It's cold! I look through my bag and put on my leather jacket. It's not much but it's something. I'm wearing black jeans but they have rips down the legs along with a regular black T-shirt, but thank the

Gods that I have my boots on. The snow touches the burn on my cheek and it feels sort of soothing. I decide to put on my ear phone and listen to music while walking down the path. Walking slowly I silently sing to myself.

I cut you into pieces. Searching for your imperfections. I had plans to make you whole, but all my threads couldn't stop the bleeding. There's nothing left, but I'm not leaving when all I know is you. I've been looking for a way to bring you back to life, and if I could find a way I would bring you back tonight. I'd make you look, I'd make you lie. I'd take the coldness from your eyes. But you told me, if you love me let it die.

Your eyes stare right through me. Ignore my failed attempts to breathe life into your veins. But I can't stop your cold heart beating. You're so far gone, but I'm not leaving when all I know is you. I've been looking for a way to bring you back tonight. And if I could find a way I would bring you back tonight. I'd make you look, I'd make you lie. I'd take the coldness from your eyes. But you told me, if you love me let it die.

And you left me more dead than you'll ever knowâ€|When you left me alone.

I've been looking for a way to bring you back to life. And if I could find a way I would bring you back tonight. I'd make you look, I'd make you lie. I'd take the coldness from your eyes. But you told me if you love me, let it die.

I keep walking while humming and come across a rather large branch on the ground. I just step over it and continue walking until I hear a loud **SNAP** from behind me. I pause my music, take out my earphones and turn swiftly. I look and the branch is snapped._ What the hell?_ I put my music away it also feels like someone is watching me so I continue walking but I keep aware of my surroundings looking around frantically. I see a bridge with barsâ€|Is that supposed to be a gate of some sort? The bars look pretty far apart. Taking a step forward I hear the snow crunching, someone is walking behind me. I feel a chill go down my spine and I freeze.

This thing that's coming behind me is getting closer and closer but I'm too scared to look back or even run. I'm frozen in place. As soon as this creature gets close enough I hear a low voice. "Humanâ€|don't you know how to greet a new pal?" _Pal? Whatâ€|?_ I swallow hard and turn and it's a skeleton about my height but a little taller. He had white glowing pinpricks in his eye sockets and a dimpled smile. He wore a blue hoodie, a white shirt, basketball shorts, socks and slippers? He had his hand out as if to shake it and I just grab his hand and the moment I do I hear a loud farting noise. The skeleton starts to laugh as I am baffled by this. "The old whoopee cushion in the hand trick. It never gets old!"

I look at him, my lip quivering to keep myself from laughing. He winks "Come on its funny!" Then a smile appears from the corner of my mouth. He exclaims "There it is!" I look at the side and take a deep breath to calm myself. He looks at me, "Trying to keep it in huh? I'll get you laughing soon. By the way I'm Sans the Skeleton. What's your name?" I shift my eyes toward him and answer, "Rin." He raises a browbone. _A skeleton that can make facial expressions? I shouldn't even be surprised, this is a world of monsters. _"Rin, huh

interesting, not as _sans-sational_ as mineâ€|So you're a human right?" I turn my head and nod. "I'm supposed to be on the lookout for humans but I don't really care." He says. I raise an eyebrow in question but he continues. "Now my brother Papyrus is a human hunting fanatic! Even though he's never really seen a human before, come with me." He takes my hand and we walk over the bridge, his hand is surprisingly warm.

After we cross the bridge he looks "Ah there he is now, quick hide behind this lamp!" he motions. I just do as I'm told. Papyrus comes. He is very tall about 7 feet! He wore armor adorned with a red scarf, red gloves and boots. Sans smiles "Sup bro?" Papyrus answers "YOU KNOW WHAT 'SUP' BROTHER! IT'S BEEN 8 DAYS AND YOU STILL HAVEN'T RE CALIBRATED. YOUR. PUZZLES! YOU JUST HANG AROUND OUTSIDE YOUR STATION! WHAT ARE YOU EVEN DOING?!" Sans answered, "Staring at this lamp. It's really cool. Do you wanna look?" _THIS LITTLE SHIT! IS HE TRYING TO GIVE ME AWAY?! _Papyrus looks annoyed and stomps his foot like a child. "NO! I DON'T HAVE TIME FOR THAT! WHAT IF A HUMAN COMES THROUGH HERE?! I WANT TO BE READY! I WILL BE THE ONE! I MUST BE THE ONE! I WILL CAPTURE A HUMAN! THEN, I, THE GREAT PAPYRUSâ€|WILL GET ALL THE THINGS I UTTERLY DESERVE!" Standing heroically it's quite adorable actually. He continues. "RESPECTâ€|RECOGNITIONâ€|I WILL FINALLY BE ABLE TO JOIN THE ROYAL GUARD! PEOPLE WILL ASK, TO, BE, MY, 'FRIEND'? I WILL BATHE IN A SHOWER OF KISSES EVERY MORNING." Wow he's like a little kid. Sans looks, "Hmmâ€|maybe this lamp will help you." _WHAT THE FUCK DUDE?! _

Papyrus shouts, "SANS! YOU ARE NOT HELPING! YOU LAZYBONES! ALL YOU DO IS SIT AND BOONDOGGLE! YOU GET LAZIER AND LAZIER EVERYDAY!" _WTF is boondoggleâ€|? _Sans says in quick defense "Hey, take it easy. I've gotten a _ton_ of work today. A _skele-ton." Oh my God that was terribleâ€| _I cover my mouth to keep myself from laughing. Bad puns get to me. Papyrus shouts "SANS!" To which he answers, "Come on, you're smiling." He gives a big grin. "I AM AND I HATE IT! He shouts loudly then sighs. "WHY DOES SOMEONE AS GREAT AS MEâ€|HAVE TO DO SO MUCH JUST TO GET SOME RECOGNITIONâ€|" He sounds a little disappointed. Sans quickly answers, "Wow sounds like you're really working yourselfâ€|_down to the bone._" He laughs at his own joke while I'm trying to keep as quiet as possible. Papyrus makes a noise in disgust then retorts, "I WILL ATTEND TO MY PUZZLESâ€|AS FOR YOUR WORK? PUT A LITTLE MORE '_BACKBONE' _INTO IT!" He then goes on his way laughing at his own joke.

After he leaves, Sans motions, "Okay, you can come out now." I slowly walk out of my hiding place trying to collect myself from those awful puns. He turns to me and says, "You oughta keep going, he may come back and if he doesâ€|" He winks "You have to sit through more of my hilarious jokes." I felt a weird sensation in my chest after that. I just nod my head and walk ahead until he stops me. "Actually, heyâ€|hate to bother ya, but can you do me a favor?" I tilt my head in question. "Depends on the favorâ€|" He answers, "I was thinking, my brother's been kinda down latelyâ€|he's never seen a human before and seeing you might make his day." I look at him with serious question. He looks at me and says, "Don't worry, he's not dangerous, even if he tries to be." Before I even get to answer he continues "Thanks a million, I'll be up ahead." And with that, he walks off.

I don't mind this but it's odd. Were they planning something? Feeling determined, I continue on. I walk on and see two ways. I take the path to the left rather than straight. I see a fishing line, I reel

it in and see a paper that says call me and there's a number. Weirder out I decide not to and send the line back in. I go back down then go to the path that was straight ahead and I walking into Sans and Papyrus talking til they see me.

They look at each other then back at me several times then Papyrus exclaims but talking to Sans, "SANS! OH MY GOD IS THAT A HUMAN?!" Sans looks behind me, "Uhhhh, actually I think that's a rock." "OH." Papyrus said. Then Sans shoots up, "hey, what's that in front of the rock?" Papyrus gets excited, "OH MY GOD! IS THAT A HUMAN?" "Yes." "OH MY GOD! SANS I FINALLY DID IT! UNDYNE WILL I'M GONNA BE SO POPULAR! POPULAR! POPULAR!" He clears his throat. "HUMAN! YOU SHALL NOT PASS THIS AREA! I, THE GREAT PAPYRUS, WILL STOP YOU! I WILL THEN CAPTURE YOU! YOU WILL BE DELIVERED TO THE CAPITAL! THEN! THEN!" He looks to the side. "I'M NOT SO SURE WHAT'S NEXT. IN ANY CASE! CONTINUE ONLY IF YOU DARE!" He laughs again while running off. This guy is seriously adorable I can't take him seriously at all.

I still see Sans just standing there so I approach him. He looks at me surprised. "Well, that went well. Don't sweat it, kid. I'll keep an eye socket out for ya." He winks at me again and walks off. "Thanks!" I said softly. _Funny he calls me kid when I'm 18_ That weird feeling in my chest shows up again, I can't explain it, it tingles and I feel myself shutter. I just continue on, ignoring the feeling. I keep walking and I encounter another monster called Ice Cap. He seemed to have a real big ego when I decided to compliment his hat so I just ignored him and went on my way. He left me alone after ignoring him.

Then another monster shows up this time it's called Snowdrake an odd looking bird creature. I look at him and he says "Ice to meet you." I end up chuckling at his little pun and he gets excited. Give me money and goes on his way. Well then, at least I have some money. I come across a cardboard box with a note that reads "YOU OBSERVE THE WELL CRAFTED SENTRY STATION. WHO COULD HAVE BUILT THIS, YOU PONDER I BET IT WAS THAT VEY FAMOUS ROYAL GUARDSMAN! (NOTE: NOT YET A VERY FAMOUS ROYAL GUARDSMAN.)" This had to be Papyrus. I chuckle and keep walking. I see another station. Feeling determined, I walk by it then a dog comes up from it with shifty eyes. "Did something move? Was it my imagination? I can only see moving things. If something WAS moving for example, a human I'll NEVER make sure it moves again!" The dog named Doggo attacks. A blue knife comes straight for me. Not thinking, I try to move out of the way and I was struck by his weapons. I screamed, the pain was so intense. My visions blurs then it fades and all I see is darkness.

I'm surrounded by darkness and I hear a voice. It says, "Don't give up! Stay determined!" I look behind me to see a kid about 13. They wore a green and yellow striped shirt, blue pants and black shoes, they had cute short brown hair, and I noticed their eyes were red. Peculiar but who am I to talk? I have yellow eyes The kid just looks at me and smiles. I feel myself being pulled up in the air. I look to see the kid and all I hear is them say "Don't move when attacks are blue!" That voice it was the same as the one telling me to stay determined. Before I could say anything, I was in front of that station again.

Didn't I die? Trying to catch my breath I touch my chest, there's nothing- not even a rip on my shirt. I think back and I remember what

Flowey said about dying over and over again. Is this what he meant? I think about what that kid said about the blue attack. I try to shake the thoughts but that one stayed in my head. I take a deep breath and walk by it again. Doggo comes up again and everything repeats. What's going on? He attacks again with the blue knife I stay still as the kid told me. It whips right through me but it doesn't hurt. Watching the dog I decide to take a risky move. I pet it.

One pat on Doggo's head and he freaks. "I've been pet! Pet? Pot? Pat?" I pet him one more time and stop. He stops and shifts his eyes side to side. "S-s-something pet me! Something that WASN'T hereâ€¦I'm gonna need some dog treats for this." The dog goes back into his station. Thank the Gods for that. I can't believe I diedâ€¦Who was that kidâ€¦? So many thoughts in my head as I keep walking then I hear a voice, it's Sans. "Hey, here's something important to remember. My brother has a very _special_ attack. If you see a blue attack, don't move and it won't hurt you." I stare at him, nod and walked off. I can feel his eyes on me which makes my hair stand on end. I go left again and see a snowman. It talks to me and asks if I can take a piece of it and travel. I accept and take a piece then proceed to put it away. I leave and continue on to the next area.

I walk into Papyrus yelling at Sans all I caught was that he's so lazy and he was napping all night. "I think that's called sleeping" Sans remarked. "EXCUSES, EXCUSES!" They turn and see me again. "OH-HO! THE HUMAN ARRIVES! IN ORDER TO STOP YOUâ€¦MY BROTHER AND I HAVE CREATED SOME PUZZLES! I THINK YOU WILL FIND THIS ONEâ€¦QUITE SHOCKING! FOR YOU SEE, THIS IS THIS IS THE INVISIBLE ELECTRICITY MAZE! WHEN YOU TOUCH THE WALLS OF THIS MAZE, THIS ORB WILL ADMINISTER A HEARTY ZAP! SOUND LIKE FUN? BECAUSE! THE AMOUNT OF FUN YOU'LL PROBABLY HAVE, IS ACTUALLY RATHER SMALL I THINK. OK, YOU CAN GO AHEAD NOW."

I take a step forward and Papyrus is the one who's zapped. Ouchiesâ€¦that must've hurt. He quickly gets upset and starts stomping his foot. "SANS! WHAT DID YOU DO?!" Sans smiles and says "I think the human has to hold the orb." "OH, OKAY" He walks over to me _CLEARLY_ showing me the path and puts the orb in my hands. Telling me to hold it. Then walks back and tells me to go. I just follow the path and he seems amazed. He's too adorable for his own good. He comments how I solved it easily then proceeds to tell me the next one won't be so easy because it's been designed by his brother and walks off. Sans just stands there he seems amused. I walk by him and he stops me, "Hey, thanksâ€¦my brother seems like he's having fun." Then he tells me about his outfit how they made that for a costume party, saying Papyrus calls it his 'battle body' and how he hasn't worn anything else ever since but reassuring me he cleans it. Then he says, "Man, isn't my brother cool?" I give a little smile and go on. I see a bunny guy who looks down. He's selling something called nice cream. I decide to buy some and I eat one while walking, it doesn't taste bad at all.

I see Sans againâ€¦which makes me wonder. How did he get here before me? He sees me eating the frozen treat and mentions how he would like to sell treats himself and offering me fried snow so I accept and then he ups the price more and more and then says he doesn't have any snow. I continue down and I feel determined to get by. I see the brothers again and Papyrus telling me how I won't get by so easily. I just see a paper on the floorâ€¦I pick it up and it's a word searchâ€¦I frown but I decide to actually sit down and go through

with it, completing it within 5 minutes. Papyrus just stares and shouts "SANS! THAT DID NOTHING!" Then he says how he should've used a crossword instead. Papyrus scoffs and says junior jumble is harder, Sans disagrees saying it's for 'baby bones'. Papyrus turns to me to end this dispute. I just go with jumble and his face lit up, saying how humans are intelligent and walks off. Sans thanks me for saying junior jumble. Then comments how Papyrus was trying to 'solve the horoscope'. I chuckle and walk off.

I see a plate of spaghetti, it looks good but it's stuck to the table! I see a note Papyrus left that reads, "HUMAN! PLEASE ENJOY THIS SPAGHETTI. (LITTLE DO YOU KNOW, THIS SPAGHETTI IS A TRAPâ€|DESIGNED TO ENTICE YOU! YOU'LL BE SO BUSY EATING IT, THAT YOU WON'T REALIZE YOU AREN'T PROGRESSING!) THOROUGHLY JAPED AGAIN BY THE GREAT PAPYRUS! NYEH HEH HEH! â€|PAPYRUS" It does look appetizing but I can't eat itâ€|I love pasta too.

I get attacked by another dog but I decide to pet it and the dog's neck grew longer! Curiosity piked and I kept petting and his neck got longer and longer til I could no longer reach. I leave the dog be after that. In the next area, I see two big dogs holding axes covered in black cloaks and they sniff me only to end up growling and attacking me. It was a female and male and they looked like they were in love. They were dangerous. I decided to try and pet them and they allowed me. They attacked a couple time and I luckily got out of the way. They finally left me alone and I thought I was a goner. I keep going through bullshit and it's starting to become too much for me.

I just keep goingâ€|Hoping it'll end soon. I'm tired and my legs hurt quite a bit and I don't want to stay in this cold any longer. I see Papyrus and he asks if I left him any. Assuming he's talking about the spaghetti I lied telling him I ate it. I don't want to hurt his feelings, he's actually really sweet. He was surprised and vowed to make more. Then he ran off again. I solved some puzzles that were obstacles to me. There was another one and Papyrus offered to help if needed. I solved it, took a bit of thinking but I managed. He was pleasantly surprised and enjoyed the fact that I solved it. And he walked off. I solved another puzzle with tiles which led to the machine breaking then I went on my way seeing Sans again. We exchanged a few words and I was off again. Then I took decorations off a Gyftrot.

I solve another puzzle and I look at snow poffs. To my surprise one of em had money in it. I took the money. I felt like I was getting close to the end of this snowy forest. Feeling determined, I push on. I check the last one which then a dog in enormous armor and a giant spear appeared. I just want this to end. The dog attacks. I call out to the dog and it leaves the armor to lay on my lap. I decided to pet the dog since that's always been going right for a while. The dog jumps out of its armor, curls up in my lap and sleeps. _How the Hell can a little thing like that control such big armor?_ After petting and playing with the dog it licks me and leaves. _This place is getting weirder and weirderâ€|_

I start to cross a huge bridge and midway I see the skeleton brothers again. Papyrus tells me this is my final and most dangerous challenge. "BEHOLD THE GAUNTLET OF DEADLY TERROR!" He says proudly and showing the weapons. I see spears, a canon, a flamethrower andâ€|a dog? Lost in confusion I hear Papyrus, "WHEN I SAY THE WORD,

IT WILL FULLY ACTIVATE! CANONS WILL FIRE! SPIKES WILL SWING! BLADES WILL SLICE!" Explaining how this works. I get lost in thought thinking if it will work as opposed to the tiles. Then I hear him asking if I'm ready which snaps me out of my thought. "Huh?" I think loudly. "I! AM! ABOUT! TO DO IT!" He answers. Aw Shit ughâ€|But there's a long wait? I feel skeptical now. Sans looks at his brother, "Well, what's the holdup?" Papyrus gets frustrated shouting he's about to activate it. Still nothing happensâ€|"That, uh, doesn't look very activated." Sans remarks. Then Papyrus says how this is too direct and puts it away. Well that's a relief. I just stare with a questioning expression. Papyrus is annoyed and shouts "WHAT ARE YOU LOOKING AT?!" I chuckle at his question. Once again, he runs off.

I notice how Sans always stays as his brother leaves. He tells me he doesn't know what his brother is going to do next. Then he looks at me from the corner of his eye. "If I were you, I would make sure I understand blue attacks." I can't tell if he's trying to help me or not. I feel odd when I'm around him, a little intimidated in a way. I go on my way and I reach a little town called Snowdin.

3. Chapter 3

Snowdin was a cute little town, surrounded by snow, there's cute little houses, a shop, inn, a bar called Grillby's and library but it spelled Libraby. I see live sized rabbits and other different creatures, Christmas decorations and a tree in the middle adorned with gifts and ornaments. It seemed like a peaceful little town. However as soon as I get there I feel so exhausted. All I wanna do is sleep. So I head over to the inn to see the price, 80Gâ€|I'm pretty sure I have enough so I pay the rabbit woman and go upstairs to the room. There's a bed that looks so comfortable, I throw my bag onto the floor and simply collapse into the bed, not caring to take my shoes off. I fall into a deep sleep.

I'm surrounded by dark again, however, it's calm. I see a figure and I squint my eyes to see and the figure starts to clear. It's that kid again, they're right in front of me. Their cheeks are rosy and they smile at me again. I feel strangely calm around this child. "Hi, I'm Chara." They say in a cheerful voice. "Hey thereâ€|" I say sounding unsure. "Do you know where we are?" Chara asks me still smiling. I shake my head and they let out a sweet giggle. "You're inside your soul silly." They say happily. "Insideâ€|my soul?" I feel so confused. Chara points up and I look and I see a nicely dim red light from above us.

I gaze up in awe and Chara seems delightfully amused. "Cool, right?" they called out. "Y-yeah." I stammered. They giggle again. "If I'm in my soulâ€|why are you here too?" I ask. "I guess you could say I'm your conscience." They say with that same smile. I feel so odd yet calm but skeptical about them being my conscience. I comment, "Hey, thanks for telling me about blue attacks. It helped a lot. I thought I was gone forever but I came backâ€|what happened?" Chara turn to look at me, "Well, you reloaded your save point." _Save point? Video game language againâ€|what is this?_ "I'm sorry, save pointâ€|?" Seeing the confusion in my face they laugh. "Yes silly save point, remember those times you felt _determined?_ Well you made a save point and when you died, you simply came back." Now I started to get the gist of what Chara meant.

"So I just come back every time?" Chara smiles. "Yes every time. How are you liking this world so far?" I look down. "I don't know what to make up of it despite the attacks and such, only one monster showed me kindnessâ€¦" I started to think of Toriel, feeling guilty leaving her. "Don't worry!" Chara reassured me. "Things will get better Rin!" Before I could ask them how they knew my name, I woke up. I shoot up from the bed, looking around. Was Chara really my conscience? Everything is a blur. I go into my bag and check my phone, the time is 9:00PM. I then notice something different about my phone, I see an app I've never downloaded before. I decide not to look into it. I just threw my bag back on and decide it's time to go. As I was leaving the rabbit woman gave me a full refund and I was surprised. She said I may need it. I thanked her and went out the door.

I actually feel well rested and full of energy. I wanna wander around a little more, so feeling determined I make my way out walking past a two story house decorated with wreaths and Christmas lights, a shed is next to it but obviously locked. I wonder whose house this is. I even see two mail boxes one which is overflowed with mail and the other empty and neat. _How does someone keep their mailbox like that?! _Shrugging it off, I leave only to be encountered by Papyrus. "HUMAN. ALLOW ME TO TELL YOU ABOUT SOME COMPLEX FEELINGS." I look at him then nod approvingly. He starts "FEELINGS LIKEâ€¦THE JOY OF FINDING ANOTHER PASTA LOVER. THE ADMIRATION FOR ANOTHER'S PUZZLE SOLVING SKILLS. THE DESIRE TO HAVE A COOL, SMART PERSON THINK YOU ARE COOL." He paused as if trying to find the words. "THESE FEELINGSâ€¦THEY MUST BE WHAT YOU ARE FEELING RIGHT NOW! I CAN HARDLY IMAGINE WHAT IT MUST BE TO FEEL THAT WAY. AFTER ALL, I AM VERY GREAT. I DON'T EVER WONDER WHAT HAVING LOTS OF FRIENDS IS LIKE. I PITY YOUâ€¦LONELY HUMANâ€¦WORRY NOT! YOU SHALL BE LONELY NO LONGER! I, THE GREAT PAPYRUS, WILL BE YOURâ€¦" He stops. He wants to be friends? He looks like something is holding him back. He turns around. "NO, THIS IS ALL WRONG! I CAN'T BE YOUR FRIEND! YOU ARE A HUMAN! I MUST CAPTURE YOU! THEN, I CAN FULFILL MY LIFELONG DREAM! POWERFUL! POPULAR! PRESTIGIOUS! THAT'S PAPYRUS! THE NEWEST MEMBERâ€¦OF THE ROYAL GUARD!" Papyrus blocks my way, he looks like he doesn't want to fight though.

He attacks but they don't reach me. I try reaching out to him but he took it as flirting. So in the end I decided to play along. "I AM A SKELETON OF HIGH STANDARDS!" He shouts. "But I can make spaghetti!" I answer him and with a surprised look his eye sockets widened with excitement. "YOU'RE MEETING ALL OF MY STANDARDS! I GUESS THAT MEANS I HAVE TO GO ON A DATE WITH YOUâ€¦?" He seemed confused but it's so adorable. I chuckle a little. "LET'S DATE L-LATER! AFTER I CAPTURE YOU!" He continues his attack but he looks like he doesn't want to hurt me but I dodge as best as I can.

I refuse to fight him though. I can't bring myself to do it, regardless of anything. I've never really been one to fight, despite the Hell I've gone through. I just can't hurt another. Papyrus notices instantly. "SO YOU WON'T FIGHTâ€¦LET'S SEE IF YOU CAN HANDLE MY BLUE ATTACK!" right then and there there's a barrage of blue bones coming for me, I think of moving but I stay completely still as they go right through me, though, not hurting me. All of a sudden I feel heavy and I can't move unless I push really hard. I look at my soul and it's changed to blue. A bone hits me right then and there, it hurt but not so much.

Papyrus smiles. "YOU'RE BLUE NOW. THAT'S MY ATTACK!" he starts to

laugh. _Shit! What am I gonna do?!_ Will he kill me? I doubt it, his brother said he's harmless. He attacks again and I try my hardest to dodge the bones flying at me. I get hit a few times but I manage. He's actually thinking about the date asking himself what he should wear. I think it's adorable but I stay focused and dodge as much as I can. "DON'T MAKE ME USE MY SPECIAL ATTACK!" he shouts. _Special attack? I thought this was it! _I'm done for! He gets ready he tries to summon it thenâ€|a dog is chewing on the bone.

Seeing Papyrus' face was priceless. I had to turn around and hold my laughter. I had to stop myself completely and hold my breath as he was yelling at the dog while it got away with his special attack. "OH WELL, I'LL JUST USE A REALLY COOL ATTACKâ€|" He sounds so disappointed. Then he prepares his attack, and it's RIDICULOUS! I try to move out of the way but I get hit a couple of times. Some attacks were impossible to dodge out of the way.

Papyrus seems like he feels accomplished. He's breathless "WELL IT'S CLEARâ€|YOU CAN'T DEFEAT ME! YEAH I CAN SEE YOU SHAKING IN YOUR BOOTS! THEREFORE I, THE GREAT PAPYRUS, ELECT TO GRANT YOU PITY! I WILL SPARE YOU HUMAN! NOW'S YOUR CHANCE TO ACCEPT MY MERCY." He's actually sparing me? What about taking me to the capital? I guess Sans was right, he's not very dangerous, strong and a good fighter but he's like a kid. I decide to take his offer, I'm too tired. The mist clears and Papyrus turns and laughs. "I CAN'T EVEN STOP SOMEONE AS WEAK AS YOUâ€|UNDYNE'S GOING TO BE DISAPPOINTED IN ME. I'LL NEVER JOIN THE ROYAL GUARDâ€|ANDâ€|MY FRIEND QUANTITY WILL BE STAGNANT!" His voice sounds so pained I feel bad. "H-heyâ€|" I start, "I'll be your friend Papyrusâ€|"

He turns to me surprised but I just smile at him. "REALLY!? YOU WANT TO BE FRIENDS, WITH ME?" His eye sockets widened with joy. "Yeah." I answer him, he looks so hopeful. "WELL THENâ€|I GUESSâ€|I GUESS I CAN MAKE AN ALLOWANCE FOR YOU! WOWIE! WE HAVEN'T EVEN HAD OUR FIRST DATEâ€|AND I'VE ALREADY MANAGED TO HIT THE FRIEND ZONE! WHO KNEW THAT ALL I NEEDED TO MAKE PALSâ€|WAS TO GIVE PEOPLE AWFUL PUZZLES AND THEN FIGHT THEM? YOU TAUGHT ME A LOT, HUMAN. I HEREBY GRANT YOU PERMISSION TO PASS THROUGH! AND I'LL GIVE YOU DIRECTIONS TO THE SURFACE." I dunno if I really want to go back to the surface given the Hell I've been through. I don't want to go through Hell and back no way.

He continues to tell me the directions anyway, I don't want to be rude so I listen. He tells me when I reach the capital to cross the barrier. _Barrier? _I look at him in confusion. "THAT'S THE MAGICAL SEAL TRAPPING US ALL UNDERGROUND. ANYTHING CAN ENTER THROUGH IT, BUT NOTHING CAN EXITâ€|EXCEPT SOMEONE WITH A POWERFUL SOULâ€|LIKE YOU!" Hmm. So even if I decided to go back there's a barrier I have to get through, interestingâ€|But me? Having a powerful soul? I doubt that, I doubt that so much. He continues on "THAT'S WHY THE KING WANTS TO ACQUIRE A HUMAN AND WANTS TO OPEN THE BARRIER WITH SOUL POWER. THEN ALL US MONSTERS CAN RETURN TO THE SURFACE!" He also mentions in order to pass through the barrier I have to go through the King's castle. He describes him as a 'big fuzzy pushover' and saying how everyone loves him. Reassuring me that if I just ask nicely I'll be able to go homeâ€|Which I don't.

Papyrus exclaims it's enough talking and he'll be at home and to feel free to come by and have the date. He then skips away gleefully back to Snowdin. I think to myself and say what the heck. So I go back to start the date to be nice. I walk back into Snowdin and I see Papyrus

by the huge house. Papyrus looks happy to see I actually came. "YOU MUST BE REALLY SERIOUS ABOUT THISâ€¦" he comments then he says he has to take me someplace special so I follow him only to go right back around when he exclaims "MY HOUSE!" And he just goes right in.

I started to laugh when this happened it was too adorable so I go inside. I'm in a living room there's a patterned carpet on the floor with pink and blue zigzags. There's a dresser to the right which has a rock and there are sprinkles that rest on top and around it. To my left, is a HUGE green couch, must be big given Papyrus' size. To the left of the couch is a little night table with a quantum physics book. In front of the couch is a big flat screen television. To the right of the TV is another room which is the kitchen lastly to the left is a staircase that led to three rooms. Must be the brothers' rooms. I look down and see a dirty sock on the floor. Papyrus notices and yells at Sans to pick it up and he just moves it out of the way. Wow he really is lazy.

I decide to look at the kitchen and I see the sink is so high up I can't even reach it. He explains he made it higher so he could place in bones in the closet. I open the closet and to my surprise I see the same dog chewing on one of the bones. As soon as Papyrus sees he flips out and yells at the dog. He yells for me to catch it but the dog is too fast and escapes. As Papyrus screams I hear a door open and a trombone play a tune that sounded like 'whomp whomp whoomp.' Then Papyrus shouts "SANS STOP PLAGUING MY LIFE WITH INCIDENTAL MUSIC!" I couldn't help but laugh it was the perfect timing.

Pap and I decide to go upstairs and we go into his room. His room contained a race car bed, a pirate flag, some comics, a box of bones and action figures and really cool ones if I don't say so myself. I also see a computer...interesting. "SO, UM, DO YOU WANT TO START THE DATE?" I accept and he gets happy. He doesn't know what to do on a date so he reads a book and gets a special outfit on. It was too cute wearing a hat, a shirt that says 'cool dude', shorts high socks and sneakers. I complimented his outfit and Pap became ecstatic.

As the date commenced he had a gift and asked me to find where he was hiding it. I found it and the gift was spaghetti, it was under his hatâ€¦ I take a bite, the noodles were wayyy overcooked, the sauce was sour the meat was mushy but I force myself to swallow it I couldn't hurt the poor guy's feelings. I tell him I enjoyed the food, Pap's face beamed with happiness and joy. Then he explained he didn't feel that way about me.

I didn't see him in that way either, so we just stayed friends and he gives me his cell number. I left the house and exited Snowdin to wander more. When I was walking there was no more snow, there was just a rocky ground. I continue on and I see Sans, does he have more than one job? He sees me and waves over to me to come to him. "Hey there, what's up?" He asks. "Nothing, just walking around honestly, what are you doing are you working?" He smiles at me "Yeah I have more than one job, someone has to pay the bills." I chuckle and he gives me a warm smile. Seeing that made me have that weird feeling again. "Hey, um do you wanna go eat at Grillby's?" I look at him with question, given that I never even went in the place. My expression says it all. "What? You were in Snowdin and never even went to Grillby's? Have you even eaten?" He asks. "Just the nice cream and a bite of your brother's pasta." I said while shrugging. Sans walks around the booth and approaches me.

While he approaches the weird feeling I get is stronger and my chest feels weird. A weird tingling sensation. "You should eat some food, it's not healthy, you shouldn't starve yourself." He says in a concerned voice. I look down, then Sans takes his hand out. "Come on, let's go, I know a shortcut." I put my hand over his and he wraps his bony fingers around it. That feeling came up again, _what's happening_? The first thing is we were by his booth then out of nowhere we were at the entrance to Grillby's. So this is how he gets around so fast, he teleports. Still holding his hand we enter the bar. "Hey everyone." he says nonchalantly. Everyone greets Sans. It seems he's well known by everyone. I see different monsters along with the dogs. There's a bar tender completely made of flames. He had a nice outfit and wore glasses. I assume he is Grillby.

We walk up to the bar and he offers me a seat. I sit down and there's a fart noise._ Did this guy really put a whoopee cushion in this seatâ€¦? _"Hey careful some creep's been laying whoopee cushions around people's seats." He laughs and I glare at him also I could feel my cheeks burning with embarrassment. "So what would you like?" He turns to me. It's odd that there's only burgers and fries on the menu but I'm a bit too hungry to care. "Burger." I answer. "Hey that sounds great, Grillby two burgers please." Sans smiles and with that the flame monster went out the back to prepare the food.

While waiting, Sans turns to me looking at my features. "You look pretty interesting. Your hair and your eyes. What's with the ring on your lip?" he asks. I start to play with my lip ring, I usually do this when I am nervous or upset. Looking to the side I say, "I umâ€¦I just like piercingsâ€¦" I start to feel my cheeks getting hot again. I can feel Sans scrutinizing me as if he were trying to figure me out. I start to play with my ring more, moving it side to side with my tongue. Sans looks amused by just seeing it move. I feel like he's teasing me as if he knows I feel weird around him. "So why'd you come to the Underground?" He asks, looking at me with the corner of his eye.

Before I could answer the food came and Sans eyes lit up as if he forgot what he asked me. The food smelled amazing and I was in awe. "Want some ketchup?" he asks while handing it to me. Without thinking I grab it and as soon as I squeezed the bottle, the top came off and a whole blob of ketchup covered my burger. Never have I been so upset in my life about food, I slowly turn and glared at him while he laughed. "I like ketchup, but not this muchâ€¦" I comment. Since we have the same thing I literally switch the plates then I grab the bun and grab some ketchup from the burger that was drowned.

I start to eat and it was the best thing I ever had, next to Toriel's pie. I look and I see Sans has already eaten the burger. _Wait, he's a skeletonâ€¦how can he eat with no stomach? _I look at him with curiosity and he notices. "What? Why so sternum?" He smiles and I notice his pun. I chuckle but then point at his plate. "Oh this? Magic." He answers then he proceeds to take a piece of bread and a blue like aura absorbed it. Was that a tongue? A _blue_ tongue? My eyes widened in disbelief and he laughed again at my reaction. "Don't be surprised if things aren't what they seem." He chuckles. I turn away fast and I just finish my food without talking.

After I finish, Sans talks but looking at me with the corner of his eye. "I wanted to ask you another favor." He begins. "It has to do

with my brother." I look at him concerned. "Someone's been influencing my bro to be a part of the Royal guard. He says a flower has been talking to him. Keep an eye out will ya?" I nod. He gets up "I can't believe I let you keep me away from work for so long. Will you cover the bill?" He winks at me. I blush then I realize, I don't know if I have enoughâ€|Sans noticed my face. "Just kidding, hey Grillby, put it on my tab." He walks up to the door. "Oh another thing, it's getting kind of late, you can stay at my place tonight." Then he leaves.
